SKOWHEGAN AREA MIDDLE SCHOOL
SCHOOL WIDE RULES

School rules are merely common sense. They are designed to facilitate the smooth and safe operation of the school. Following the rules of the school will help to ensure that each student receives the maximum educational opportunity from Skowhegan Area Middle School. Generally speaking, treat others as you would like to be treated.

Definitions:

1. Tardiness – Arriving late to class or school unexcused. *Students who are tardy (unexcused) more than three times will be assigned an after-school detention from the office administration. For each unexcused tardy thereafter, office administration will assign an additional after school detention.*
2. Unexcused Absence – Any absence that has not been excused by the Principal or Assistant Principal.
3. Insubordination – Refusal to comply with reasonable requests by any school official. A student is immediately insubordinate when he or she refuses to obey the teacher and/or openly defies school authorities. A student is also insubordinate when the student persistently refuses to change his or her behavior after repeated reprimands for the same violation of the discipline code. During crisis situations, a student shall be considered insubordinate if he or she refuses to cooperate with a person of authority.
4. Theft – Taking, giving, or receiving property or services not belonging to you.
5. Forgery – Writing false information to school officials.
6. Alcohol or drugs – The use, possession, or sale of illegal drugs or look-alike drugs including alcohol, marijuana, cocaine, and/or others.
7. Fighting – Having or threatening physical contact with another person with the intent to inflict harm.
8. Vandalism – Intentional destruction of objects or materials belonging to the school, school officials, or other persons.
9. Tobacco – The use or possession, sale or distribution of tobacco and tobacco products/paraphernalia in any form.
10. Abusive Language – Language that is disruptive to the educational environment of school, including swearing, obscenity, vulgarity, threatening, disrespect.
11. Bullying – Any physical threatening or intimidation that causes a person to feel uncomfortable will be reported to teachers, guidance counselor, principal, and or assistant principal.
12. Paraphernalia – lighters, matches, rolling papers, pipes, etc.

Corrective Measures:

Students violating behavioral expectations will be subject to one or more of the following actions:

Teacher/Team Level:

Disciplinary action will be enforced at classroom and/or team level.

Example: After school detention, lunchtime detention, loss of team activity time or student-centered time, etc.

Administrative Level:

Disciplinary action has moved beyond the classroom/team level. The administrative level will include the following:

- Administrative Detention: Assigned by Administration. Unexcused absences from Administrative Detention will result in In-School Suspension and/or Out of School Suspension.
- In-School Suspension: Assigned by Administration to be served in a designated area for length of school day. The student may not participate in school functions. Parents will be notified.
- Out-of-School Suspension: Assigned by Administration to be served out of school for up to 10 days. The student may not participate in school functions during the duration of the suspension. Parents will be notified.
- Expulsion: The student will be suspended from school immediately and a recommendation of expulsion

will be made to the Superintendent of Schools. Parents will be notified.

WEAPONS, VIOLENCE AND SCHOOL SAFETY

The School Board believes that students and staff are entitled to learn and work in a school environment free of violence, threats and disruptive behavior. Students are expected to conduct themselves with respect for others and in accordance with Board policies, school rules, reasonable unwritten behavior expectations, and applicable state and federal laws.

School staff is required to immediately report incidents of prohibited conduct by students to the building administrator for investigation and appropriate action.

In the event of a bomb threat:

1. Administration will verify that a threat has been made.
2. Police and Fire departments will be notified.
3. Student(s) responsible will be subject to suspension and expulsion from school.
4. Student(s) will be charged by the police.
5. Student(s) and their parents may be held accountable for the costs of the evacuation.

In the event of a bomb threat or other emergency evacuation:

1. We will move students to the high school gym.
2. We will remain at the high school for the remainder of the day and continue with classes.
3. Students will be able to have lunch at the high school.
4. Students will ride home on regular bus runs at the regular time. Busses will depart from the high school.
5. We will run additional busses from the high school to various places in town for walkers.
6. PARENTS ---- please understand that our access to telephones is very limited at the high school. It is important for you to develop a plan with your child in advance. If you had planned to pick them up after school, you can direct your child to stay at the high school for pick up. We ask that students do not use cell phones during this process.
7. When we dismiss from the high school, your child simply needs to let Mr. Longyear, Mr. McEwen or one of their teachers know what plan they are following. Please understand that having your child call you may not happen due to the limited access to phones and the time factor.

MEDICATION POLICY /MEDICAL TREATMENT AT SCHOOL

Medications will be given at school only when it is absolutely necessary. If at all possible, we encourage medications to be given at home. For example, if a medication is to be given three times per day, please give before school, directly after school, and at bedtime.

1. Medication is only to be given by school personnel with written permission from the parent and a written order from a licensed physician. A medication should always be in a properly labeled bottle to include student's name, name of drug and dosage. No other medication will be accepted in any other container but the original prescription bottle. This policy applies to all prescription and over the counter medications.
2. The school will provide no medication.
3. At no time shall a student have medication in his/her possession in school unless the physician states an inhaler or epi pen needs to be with the student at all times.

The school nurse is on duty in our school several days each week. Passes to see the nurse are issued by the nurse, office, or teaching staff. If students are injured in any way during the school day, they must report it to school personnel as soon as possible.

All students must be properly immunized to attend school. Any student found to have an infectious disease or condition can expect to have their parents notified to take them home until documented treatment has been administered.

Physicals are required for students who wish to participate in interscholastic sports. Students who do not have a

current physical exam dated within two years of participation will not play.
CUSTODY

If there is a court order that relates to the custody of your child, please provide a copy to the principal so that it can be included in your student's file.

SCHOOL ATTENDANCE

Attendance is one of the most important factors in student success. Students are expected to be in school every day that school is in session, unless legally excused. The State Department of Education and the local school system consider only the following as legal excuses for missing school:

1. Personal illness
2. Appointments with health professionals that cannot be made outside of regular school hours
3. Observance of recognized religious holidays when the observance is required during the regular school day.
4. Planned absences for personal or educational purposes, which have been approved in advance
5. Emergency family situations

Each day that a student is absent from school, **the parent or guardian MUST contact the school** by telephone (474-3339) between 8:30 and 9:30 a.m. and give the reason for his or her child missing school. If the school is not notified, the absence will be treated as unexcused. If the parent is unable to phone on the day of the absence, then the student must bring in a written excuse upon return to school. All students who have missed school must report to the office to receive a readmission slip. Students must be in their homerooms by 8:15 a.m. or they will be considered tardy. If you are late or absent without an excuse, expect to make up your time. Students who are absent from school on the day of an after school athletic event, fun night, or special event are ineligible to attend these events. Exceptions to this rule must be cleared through the Assistant Principal.

Make-up Work:

Parents may request books and assignments for absent students by notifying the school secretary (474-3339) before 10:00 in the morning. Books and assignments may then be picked up after school in the main office.

VISITORS

All visitors must buzz in at the front door and then report to the office.

Due to space, schedule, and supervision concerns, students are discouraged from bringing friends to school to visit for the day. The only exceptions must be pre-arranged through the office. Unexpected student visitors will be asked to leave.

Parents are welcomed at all times but must also report to the office before entering classroom areas.

SCHOOL CLOSING AND EARLY DISMISSAL

School closing or early dismissal due to inclement weather or other unforeseen events will be broadcast on local radio stations including: WTOS, WSKW, WABI, WYOU, WABK, WKSQ, WQCB, WTVL, WKTJ and 92Moose.

Because of the size of our school district, safe traveling on snowy days can be quite different between one area and another. Therefore, if school has not been canceled, you have the right as parent or guardian to keep your child home if you feel that the road conditions are too hazardous for travel in your area. Your child's absence will be considered an excused absence. Again, please call to notify the school if you choose to keep your child home.

PROMOTION, TRANSFER, AND RETENTION

If students have failed two or more academic classes when averaged for the year, s/he will be considered for retention or transfer. Students (8th graders) who are transferred to the high school will not take part in our end of the year promotion night.

BULLYING

It is our goal for our school(s) to be a safe and secure learning environment for all students. It is the intent of the RSU 54/MSAD 54 Board to provide all students with an equitable opportunity to learn. To that end, the Board has a significant interest in providing a safe, orderly, and respectful school environment that is conducive to teaching and learning. Bullying and other forms of peer mistreatment are detrimental to the school environment as well as student learning, achievement and well-being. Peer mistreatment interferes with the mission of the schools to educate their students and disrupts the operations of the schools. Bullying and other forms of peer mistreatment affect not only students who are targets but also those who participate in and witness such behavior. These behaviors must be addressed to ensure student safety and an inclusive learning environment. It is not the Board's intent to prohibit students from expressing their ideas, including ideas that may offend the sensibilities of others, or from engaging in civil debate. However, the Board does not condone and will act in response to conduct that interferes with students' opportunity to learn, the educational mission or operation of RSU 54/MSAD 54 schools (MSAD 54 Policy JICK Adopted January 20, 2017).

Prohibited Behavior:

The following behaviors are prohibited:

1. Bullying;
2. Cyberbullying;

3. Harassment and Sexual Harassment (as defined in board policy ACAA);
4. Retaliation against those reporting such defined behaviors; and

Any person who engages in any of these prohibited behaviors that constitutes bullying shall be subject to appropriate disciplinary actions. Anyone can report Bullying; please use the RSU 54/MSAD 54 Bullying Report Form found under Board Policy JICK-E1.

HARASSMENT

M.S.A.D. #54 insures equal educational opportunities regardless of race, sex, color, national origin, religion, marital status, age, or handicap.

Sexual harassment often involves feelings of helplessness, and it can be distressing when it happens to an adult and particularly frightening when a young person is the victim.

If you are offended by sexual comments, jokes or physical gestures, or if you are the victim of physical touches, strokes, embraces, pressure for dates, or other sexual advances, you can:

1. Tell the individual that you are offended and that you want the behavior stopped.
2. Report the incident to the teacher, principal, or school counselor.
3. Report the incident to Jon Moody, Assistant Superintendent. Mr. Moody is the District Affirmative Action Officer (474-9508).

Inquiries concerning the application of MSAD #54's Public Schools' nondiscrimination policy also may be referred to the U.S. Department of Education, Office for Civil Rights (OCR), 33 Arch Street, Suite 900, Boston MA 02110-1491, telephone (617) 289-0111, TTY (617) 223-9695.

HAZING

File: ACAD

Maine statute defines injurious hazing as “any action or situation, including harassing behavior, that recklessly or intentionally endangers the mental or physical health of any school personnel or a student enrolled in a public school.”

Injurious hazing activities of any type, either on or off school property, by any student, staff member, group or organization affiliated with this school unit, are inconsistent with the educational process and shall be prohibited at all times.

“Harassing behavior” includes acts of intimidation and any other conduct that recklessly or intentionally endangers the mental or physical health of a student or staff member.

“Acts of intimidation” include extortion, menacing, direct or indirect threats of violence, incidents of violence, bullying, statements or taunting of a malicious and/or derogatory nature that recklessly or intentionally endanger the mental or physical health of another person, and property damage or theft.

No administrator, faculty member, or other employee of the school unit shall encourage, permit, condone, or tolerate injurious hazing activities. No student, including leaders of students’ organizations, shall plan, encourage, or engage in injurious hazing activities.

Students who violate this policy may be subject to disciplinary action which may include suspension, expulsion, or other appropriate measures. Administrators, professional staff, and all other employees who violate this policy may be subject to disciplinary action up to and including dismissal.

In the case of an organization affiliated with this school unit that authorizes hazing, penalties may include rescission of permission for that organization to operate on school property or to receive any other benefit of affiliation with the school unit.

Persons not associated with this school unit who fail to abide by this policy may be subject to ejection from school property and/or other measures as may be available under the law.

These penalties shall be in addition to any civil or criminal penalties to which the violator or organization may be subject.

The Superintendent/designee shall be responsible for administering this policy. In the event that an individual or organization disagrees with an action—or lack of action—on the part of the Superintendent/designee as he/she carries out the provisions of this policy, that individual or organization may appeal to the Board. The ruling of the Board with respect to the provisions of this policy shall be final.

This right to appeal does not apply to student suspensions of 10 days or less or to matters submitted to grievance procedures under applicable collective bargaining agreements.

A copy of this policy shall be included in all school, parent, and employee handbooks or otherwise distributed to all school employees and students.

Grades in all subjects including: Art, Health, Music, and Physical Education as well as the academic subjects are considered when determining honor roll students.

EMERGENCY DRILL PROCEDURE

From time to time it is imperative for public buildings, such as schools, to be evacuated in a matter of seconds. There is always the possibility of the unexpected, the unplanned, and the very serious situation, which could occur calling for immediate evacuation of all personnel.

In case of emergency, the fire alarm will be sounded and all students, teachers, guests, and other personnel will proceed according to the information posted on the bulletin board in each room. On the first day of school your homeroom teacher will go over these procedures with you in detail.

Emergency evacuation is deadly serious and you will not know until afterwards whether or not an emergency existed. Consequently, there is positively no pushing, shouting, running, or other pattern of behavior that could be detrimental to the safety of anyone. Conversation once outdoors should be quiet and reserved.

PERSONAL PROPERTY

Lockers are the property of the school and are loaned to students during the school year. School officials reserve the right to inspect lockers and their contents at any time during the year.

We recommend that students leave large amounts of money, expensive electronic or musical items, and other valuable items at home. The school cannot be responsible for such items if they are lost, stolen or damaged. If such items must be brought to school, they should be left in the office for safe keeping.

All other personal property (clothing, school books, and supplies) should be locked in lockers when not in use. Backpacks are to be used only to transport books and supplies to and from school. While in school, backpacks are to be stored in the student's locker.

Inappropriate and dangerous items will be confiscated and returned to parents or students at the discretion of the office. The school board has adopted a strict weapons policy, which will be enforced.

Bikes may be left in the rack outside the front office. Bike locks are advised. Skateboards, scooters, etc. must be stored in the team area during the day.

LOST AND FOUND

Check with the main office and the gym office when you lose or find any item.

INTERSCHOLASTIC SPORTS AND AFTER SCHOOL ACTIVITIES

S.A.M.S. offers the following interscholastic sports for 7th and 8th graders:

Fall: Field Hockey, Cross Country, Football, and Soccer

Winter: Basketball, Wrestling

Spring: Track, Baseball, and Softball

If you have any questions about participation, please see Mr. McEwen, our Athletic Director. In addition, S.A.M.S. offers various after school activities. We are always looking for new activities to consider. If you have any ideas, please see Mr. McEwen in the main office.

ELIGIBILITY FOR ATHLETICS AND OTHER AFTER SCHOOL ACTIVITIES

Our eligibility rule is quite clear-cut. Students who are not achieving passing grades in all subjects or have serious behavioral issues will, in most instances, be ineligible to participate. Students failing any subject will have two weeks to bring their grade to the passing level. They may participate during this two-week period. If the student has not brought the grade to a passing level during the two-week period, the student will be ineligible for the remainder of the season. Students must be in school the day of a scheduled athletic contest. The office must clear exceptions. All students must have a current physical prior to participating in any sport.

SCHOOL FUNDRAISERS

Once a year our school participates in a major fundraising campaign. Student involvement is greatly appreciated and encouraged, but it is always voluntary.

USE OF PHONES

Students are expected to make their transportation arrangement before arriving at school each day. All calls must go through school phones in order to monitor attendance and for security reasons. All student calls regarding illness and or dismissal from school MUST go through the main office. All other phone calls for detention, extra help, and changes in after school activity schedules should be made through the phones in the classroom areas. **Students are to turn off their phones upon the start of the day at 8:15 a.m. and store them in their lockers for the day. Phones may be utilized after the first bell rings at 2:15 p.m. unless given express permission by a teacher/Ed. Tech.** Private cell phones are not to be used by students during school hours per MSAD #54 School Board Policy; JFCK. Phones or other electronic devices will not be permitted in the bathrooms or locker rooms. Violation of this policy will result in the cell phone being confiscated, the parent/guardian notified, and additional consequences may be assigned depending on the circumstances.

LUNCH PROGRAM

RSU 54/MSAD 54 participates in a Universal Lunch and School Breakfast Program, which follows U.S. Department of Agriculture guidelines for healthy school meals. All students enrolled at SAMS may participate in the breakfast and lunch program at no charge to them. Our ability to offer both breakfast and lunch at no cost to all students is dependent on all parents/guardians completing and returning the **Household Income Data Collection Form**. A lack of returning the form will directly reduce the Federal funds the district receives and will not allow us to continue the free breakfast and lunch program, as well as benefit the Math and Reading services that benefit the students in our district. **All parents/guardians are urged, regardless of income, to return the Household Income Data Collection Form to the schools.**

CAFETERIA/LUNCHROOM

While in the cafeteria/lunchroom, students are asked to:

- Remain in one spot in the lunch line. Please do not cut in front of someone else.
- Remain seated in one place while in the cafeteria.
- Clean up after yourself by using the cloth to wipe your spot.
- Talk quietly walking to and from the cafeteria and while waiting in the serving line.
- Display appropriate table manners.

MSAD No. 54
Notification of Rights under FERPA

The Family Educational Rights and Privacy Act (FERPA) affords parents and students 18 years of age or older (eligible students) certain rights with respect to the student's education records. They are:

(78005888) The right to inspect and review the student's education records within 45 days of the day the school department receives a request for access.

Parents or eligible students should submit to the school principal or superintendent a written request that identifies the record(s) they wish to inspect. The principal or superintendent will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

(78005889) The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading. Parents or eligible students may ask the school department to amend a record that they believe is inaccurate or misleading. They should write the school principal or Superintendent, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the school department decides not to amend the record as requested by the parent or eligible student, the school department will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

(78005890) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school department as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the Board of Education; a person or company with whom the school department has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance

committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the school department discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

Education records must be sent to any school administrative unit to which a student applies for transfer.

- (78005891) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school department to comply with the requirements of FERPA. The Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

- (4) The school department has designated the following information about students as directory information: name, the student's participation in officially recognized activities and sports, height and weight of student athletes and grade level in school of students in extracurricular activities, dates of attendance in the school unit, and honors and awards received.
- (5) Parents of students or eligible students have the right to refuse to let the school department designate any or all of the types of information about the student as directory information by notifying the school department in writing by **October 1st** for the current school year or within 30 days after enrollment, whichever is later, with respect to information about the student for that and subsequent school years. Any such notice should be sent to:

Superintendent of Schools
MSAD No. 54
196 West Front Street
Skowhegan, Maine 04976

Absent such notice, the school department may disclose directory information about students.

- (6) Under the "No Child Left Behind Act of 2001," military recruiters and/or institutions of higher education are entitled to receive the names, addresses, and telephone numbers of secondary students. Provided that MSAD No. 54 has notified parents that such information will be released, parents may request in writing, that the school not release such information. A form requesting that such information to be released to the military and/or institutions of higher education is available through the school's guidance office. The school unit has a duty to comply with any such request.

Parents should follow the procedure in paragraph (6) above to notify MSAD No. 54 if they do not wish such information to be released to military recruiters and/or institutions of higher education.

Chapter 33: RULE GOVERNING PHYSICAL RESTRAINT AND SECLUSION

SUMMARY: This rule establishes standards and procedures for the use of physical restraint and seclusion. Physical restraint and seclusion may only be used as an emergency intervention when the behavior of a student presents a risk of injury or harm to the student or others. The rule sets forth permitted and prohibited uses of restraint and seclusion, required notification and documentation of incidents of restraint or seclusion, aggregate reporting of incidents to administrators and the department of education, notification of parents, response to multiple incidents of restraint or seclusion of a student, local and state complaint processes and department approval of training programs.

SECTION 1. POLICY AND PURPOSE

This rule establishes standards for the use of physical restraint and seclusion to provide for the safety of all individuals. Physical restraint and seclusion may only be used as an emergency intervention when the behavior of a student presents a risk of injury or harm to the student or others.

SECTION 2. DEFINITIONS

1. **Aversive procedure** means the use of a substance or stimulus, intended to modify behavior, which the person administering it knows or should know is likely to cause physical and/or emotional trauma to a student, even when the substance or stimulus appears to be pleasant or neutral to others. Such substances and stimuli include but are not limited to: infliction of bodily pain, (e.g. hitting, pinching, slapping), water spray, noxious fumes, extreme physical exercise, costumes, or signs.
2. **Behavior Intervention Plan (BIP)** is a comprehensive plan for managing problem behavior by changing or removing contextual factors that trigger or maintain it, and by strengthening replacement skills.
3. **Chemical Restraint** is the use of medication, including those administered PRN (as needed), given involuntarily to control student behavior.
4. **Covered Entity** means an entity that owns, operates or controls a school or educational program that receives public funds from the Maine Department of Education including, but not limited to: public schools, public regional programs, public charter schools, private schools, publicly-supported private schools, special purpose private schools, Career and Technical Education schools, public pre-kindergarten, and Child Development Services (CDS).
5. **De-escalation** is the use of behavior management techniques intended to cause a situation involving problem behavior of a student to become more controlled, calm and less dangerous, thus reducing the risk for injury or harm.
6. **Dangerous Behavior** is behavior that presents a risk of injury or harm to a student or others.
7. **Emergency** is a sudden, urgent occurrence, usually unexpected but sometimes anticipated, that requires immediate action.
8. **Functional Behavioral Assessment (FBA)** is a school-based process that includes the parent and, as appropriate, the child, to determine why a child engages in challenging behaviors and how the behavior relates to the child's environment. The term includes direct assessments, indirect assessments and data analysis designed to assist the team to identify and define the problem behavior in concrete terms, identify the contextual factors (including affective and cognitive factors) that contribute to the behavior, and formulate a hypothesis regarding the general conditions under which a behavior usually occurs and the probable consequences that maintain the behavior. Formal documentation of the assessment by appropriately qualified individuals becomes part of the child's educational record.
9. **Risk of injury or harm** describes a situation in which a student has the means to cause physical harm or injury to self or others and such injury or harm is likely to occur; such that a reasonable and prudent person would take steps to protect the student and others against the risk of such injury or harm.
10. **Individualized Education Plan (IEP)** is a term used under special education law to reference the written document that states goals, objectives and services for students receiving special education.
11. **Individual Health Plan (IHP)** is a plan of action for a student with special health care needs, actual and potential. It is an adaptation of the nursing care plans commonly used in health care institutions.
12. **Mechanical Restraint** is any item worn by or placed on the student to limit behavior or movement and which cannot be removed by the student.
13. **Parent** means a parent, as defined in Title 20-A MRSA, section 1, subsection 20, with legal custody of a minor child, except that the "parent" of a child with disabilities means a parent as defined in the federal Individual with Disabilities Education Act, 20 United States Code, Section 1401 (23).
14. **Physical escort** is temporary touching or holding for the purpose of inducing a student to walk to another location, including assisting the student to the student's feet in order to be escorted.
15. **Physical prompt** is a teaching technique that involves physical contact with the student and that enables the student to learn or model the physical movement necessary for the development of the desired competency.
16. **Physical Restraint** is an intervention that restricts a student's freedom of movement or normal access to his or her body, and includes physically moving a student who has not moved voluntarily. Physical restraint does not include:
 - A. Physical escort;
 - B. Physical prompt;
 - C. Physical contact when the purpose of the intervention is to comfort a student and the student voluntarily accepts the contact;

- D. Momentarily deflecting the movement of a student when the student's movement would be destructive, harmful or dangerous to the student or to others;
 - E. The use of seat belts, safety belts or similar passenger restraint, when used as intended, during the transportation of a child in a motor vehicle; or
 - F. The use of a medically prescribed harness, when used as intended; or
 - G. A brief period of physical contact necessary to break up a fight.
17. **Positive alternatives** are a set of instructional and environmental supports to teach students pro-social alternatives to problem behaviors with high rates of positive feedback.
18. **School Day** is a day in which a school or program is in operation as an instructional day and/or a teacher in-service day.
19. **Seclusion** is the involuntary confinement of a student alone in a room or clearly defined area from which the student is physically prevented from leaving. Seclusion is not timeout.
20. **Section 504 Plan** refers to a written plan of modifications and accommodations under Section 504 of the Rehabilitation Act and the Americans with Disabilities Act.
21. **Serious bodily injury** is any bodily injury that involves—
- A. A substantial risk of death;
 - B. Extreme physical pain;
 - C. Protracted and obvious disfigurement; or
 - D. Protracted loss or impairment of the function of a bodily member, organ, or mental faculty.
22. **Student** is a child or adult aged 3 to 20 enrolled in a school or a program owned, operated or controlled by a covered entity as defined in this section
23. **Timeout** is an intervention where a student requests, or complies with an adult request for, a break, and is not covered by this rule. Timeout is not seclusion.

SECTION 3. APPLICATION OF RULE

1. **Actions covered**
This rule applies to actions of a covered entity and its employees, contractors and agents during the conduct of the covered entity's educational program.
2. **Contracts with non-covered entities**
The Department of Education and any covered entity that places or funds the placement of a student in an educational program owned, operated or controlled by an entity other than a covered entity must include in the contract with that other entity a requirement that the entity and its employees, contractors and agents comply with the rule while the student is engaged in the educational program.
3. **Relationship to Statutory Protection**
Nothing in this rule may be construed to restrict or limit the protections afforded under 20-A MRS §4009. The application of those protections to a person does not in any way relieve that person from the requirements and restrictions of this rule.

SECTION 4. LOCAL POLICY; NOTICE TO PARENTS

1. Local Policy Required

All covered entities shall have local policies, consistent with this rule, regarding the use of physical restraint and seclusion. Covered entities must also have a procedure available by which parents may submit a complaint regarding the use of physical restraint or seclusion on their child, based upon which the covered entity shall investigate the circumstances surrounding the incident complained of, make written findings and, where appropriate, determine to take corrective action.

Covered entities shall revise existing policies or develop policies consistent with this rule within 90 calendar days of the effective date of this rule.

If a specific room is designated as a seclusion room, it must be a minimum of 60 square feet with adequate light, heat, ventilation, be of normal room height, contain an unbreakable observation window in a wall or door and be free of hazardous material and objects with which a student could self-inflict bodily injury.
