November 3, 2023

Dear Parent and/or Guardian,

On Thursday, November 16th and Monday, November 20th Skowhegan Area Middle School will be conducting parent-teacher conferences. Your student's community, intervention, and exploratory teachers have set aside blocks of time to meet with parents to discuss your student's progress. When booking your parent conference appointment, we encourage you to ask to sign up for conferences with your child's exploratory, response to intervention, and/or special education teachers.

We see this as a partnership with parents and the school to create a positive educational experience for your student here at the middle school. If you would like to schedule an appointment with your student's teachers, please call the main office at the middle school between the hours of 8:00am – 3:15pm to schedule an appointment. Students in Enrichment Resources and Algebra will need to schedule a separate meeting with Mrs. Merrill or Mrs. Crouse.

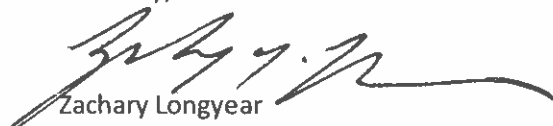

Our telephone number is 207-474-3339. The dates and times we have set aside for the conferences will be:

Thursday, November 16 – 3:00pm – 6:00pm

Monday, November 20 – 8:00am – 6:00pm

If these blocks of time do not work for you, call the school and ask to speak to the team leader from your child's community or email the team leader directly. You and the team leader should be able to set up an alternate time to meet.

Sincerely,

Zachary Longyear
Principal
